

(819 125)

| Part No.                                  | 819 125                             |
|---|-------------------------------------|
| Material of conductor                     | Cu                                  |
| Material of insulation                    | PE                                  |
| Material of coating                       | PVC                                 |
| Colour of conductor                       | grey                                |
| RAL colour                                | similar to 7000                     |
| Cross section of core                     | 19 mm <sup>2</sup>                  |
| Equivalent separation distance s (in air) | 0.45 m                              |
| Outer Ø conductor                         | 20 mm                               |
| Coating characteristics                   | UV stabilized and weather resistant |
| Weight                                    | 680 g                               |
| Customs tariff number                     | 85446010                            |
| GTIN                                      | 4013364118416                       |
| PU  | 100 m                               |
